PRODUCT CATALOGUE

Product Catalogue - Price List

We are going to present before you the fully comprehensive Product Catalogue of our new range of products which represent the start of a new era.

As one of our customers, you are an important part of the future and we would like you to spend a few moments to watch how we have tried to prepare for our future together. We present this Product Catalogue after carefully considering the various aspects in respect of prevailing market conditions.

We at Hira Tools Corporation (Regd.) are always at your service in meeting your needs / requirements of our high quality. We have also to inform you that we are always strict to the Quality as well as Best Service.

About Us

Hira Tools Corporation (Regd.) is India's leading name in manufacturing hand tools since 1965, located at Jalandhar, which is around 400 kms. North-west of national capital New Delhi. Latest equipments combined with state of art technology and above all excellent raw materials have helped us to offer trustworthy quality, timely delivery at reasonable rates.

Hira Tools Corporation (Regd.) is focussed on providing products of superior quality and value that best fill the needs of our customers. Despite the fierce competition from low quality, cheap and frequently imported tools, we have decided not to lower our standards in any way. Our products are designed and priced to sell, offering our distribution channels a reasonable profit on investment and offering the consumer a top quality product at a value for money.

We intend to manufacture more products in our factory to price levels more efficiently tailored to our customers requirements. Our plans dictate that our range will be dynamic. Continuous developments will result in new products being introduced, always concentrating on those market segments in which today we are already strongest. We are so confident of the high quality of our products that we encourage our customers to use them with the fullest confidence.

We hope that you are confident in our ability to produce the right product at the right price and that the philosophy we have adopted is right for both of us. We want you to buy our product and we wish to make it as easy as possible to enjoy good results from either selling or using those products. We are always happy to hear your views and receive your assistance in matching our range and services as closely as possible to your own requirements.

We are committed to continual quality improvement that emphasizes the accountability to product and work place quality. Our adherence to exemplary quality, particularly with regard to 'deliver to promise' and our aim towards 'Zero Defect' has helped us to maintain a competitive edge. Every article of genuine 'Hira' origin is capable to completely perform the work for which it is designed.

Our Aim is to advance and to soar high higher still !
